Dr. Harmon McAllister
The Council for Tobacco Research - U.S.A., Inc.
900 Third Avenue
New York, New York 10022

Dear Harmon:

FAX: 212-421-8898

I am following up our conversation of the other day concerning the meeting I am organizing during this summer. As I mentioned to you, I am seeking funds to defray the costs of travel for individuals who are speaking at this meeting, and I hope very much that The Council for Tobacco Research will find it appropriate to give us support.

The meeting itself is focussed on Cellular Membranes and is under the auspices of the International Conferences on Biological Membranes. This year the topic is "Immunology and the Cellular Membrane." I thought that the best way to inform you of the nature of this conference would be to send you (1) a copy of the most recent program and (2) a copy of a letter that I have used for the solicitation of support. With this information in hand, I believe that you and your colleagues will be able to reach a decision. However, if any further data are needed, please let me know.

As you will note, I have the full cost of accommodations at the meeting *per se* in hand, and an amount up to \$2000 to augment my travel kitty, which I understand is your limit, would be very helpful indeed. As I told you the other day, my initial applications to various members of the Pharmaceutical industry went out at the time of the Gulf War. Consequently, I have real need at this point. Any contribution should be made out to:

International Conferences on Biological Membranes
c/o Harvard Medical School
Department of Biological Chemistry and Molecular Pharmacology
(Exemption number is: E 042-103-580)

Finally, would you suggest, if your answer is positive, how acknowledgement to CTR should be made?

With best wishes,

Sincerely,

Manfred L. Karnovsky
